## EDUCATION

### **Paavai Engineering College, Namakkal — Bachelor of Engineering in Cyber Security**

Pursuing Bachelor of Engineering in Cyber Security with a current CGPA of 7.65.

### **St. Mary's Higher Secondary School, A.N. Mangalam — Higher Secondary Certificate (HSC) Completed in 2023**

Successfully completed Higher Secondary Certificate (HSC) with 59%.

### **St. Mary's Higher Secondary School, A.N. Mangalam — Secondary School Leaving Certificate (SSLC) Completed in 2021**

Achieved 99.9% in Secondary School Leaving Certificate (SSLC).

## PROJECTS

### **AI Sales Dashboard - Built using Python, Javascript and Json)**

An interactive AI-powered sales dashboard built using Python, JavaScript, and JSON to visualize and analyze real-time sales data efficiently.

### **Dynamic\_rl\_firewall -Built Using Python, Javascript,Json)**

AI-powered Dynamic Reinforcement Learning Firewall that autonomously detects, learns, and adapts to cyber threats in real time with integrated web dashboard and APIs.

### **Student Management(CRUD) - Built using Python and SQL**

A student management system built using Python and SQL to perform CRUD operations for efficiently managing student records.

## SKILLS

Python Programming  
SQL programming  
Web Development  
Penetration Testing  
Operating System  
Networking  
Ethical Hacking

## CERTIFICATIONS

### **AI web Development Certification -**

LAdverts Zone.

### **Cyber Security Certification -**

xHacker .

### **Certified WiFi-Pentesting 101 -**

Cappiciosec University.

### **Certificate of Completion in peetration Testing Internship -**

Pargavan Cyyber Solution.
